

## NRx Pharmaceuticals, Inc. (Nasdaq:NRXP) Featured on Psychiatrist.com

September 11, 2024

- "How NRx Could Upend the Fight Against Depression and Suicide"

RADNOR, Pa., Sept. 11, 2024 [/PRNewswire/](#) -- NRx Pharmaceuticals, Inc. (Nasdaq: NRXP), a clinical-stage biopharmaceutical company, ("NRx," the "Company"), today highlighted that the Company's pipeline products NRX-100 and NRX-101 were featured in an article published on Psychiatrist.com. This prominent outlet is the home of the *Journal of Clinical Psychiatry*, the official journal of the American Society of Clinical Psychopharmacology.

The article, entitled "How NRx Could Upend the Fight Against Depression and Suicide," can be found [here](#). The author notes:

- "Clinical relevance: NRx Pharmaceuticals is developing a pair of promising new treatments for bipolar depression and suicidal ideation."
- "NRX-101 is a twice-daily fixed-dose oral combination of D-cycloserine and lurasidone the company developed to treat suicidal treatment-resistant bipolar depression. Researchers found this combination showed a higher efficacy than lurasidone alone for reducing akathisia and suicidality."
- "NRX-100 is a proprietary preservative-free formulation of IV ketamine. Researchers have studied it as a treatment for acute suicidal crises in depression."

### About NRx Pharmaceuticals, Inc.

NRx Pharmaceuticals is a clinical-stage biopharmaceutical company developing therapeutics based on its NMDA platform for the treatment of central nervous system disorders, specifically suicidal bipolar depression, chronic pain, and PTSD. The Company is developing NRX-101, an FDA-designated investigational Breakthrough Therapy for suicidal treatment-resistant bipolar depression and chronic pain. NRx plans to file an NDA for Accelerated Approval for NRX-101 in patients with bipolar depression and suicidality or akathisia. NRX-101 additionally has potential to act as a non-opioid treatment for chronic pain, as well as a treatment for complicated UTI.

NRx has recently announced plans to submit a New Drug Application for NRX-100 (IV ketamine) for the treatment of suicidal depression, based on results of well-controlled clinical trials conducted under the auspices of the US National Institutes of Health and newly obtained data from French health authorities, licensed under a data sharing agreement. NRx was awarded Fast Track Designation for development of ketamine (NRX-100) by the US FDA as part of a protocol to treat patients with acute suicidality.

### Notice Regarding Forward-Looking Statements

The information contained herein includes forward-looking statements within the meaning of Section 21E of the Securities Exchange Act of 1934, as amended, and Section 27A of the Securities Act of 1933, as amended. These statements include, among others, statements regarding the proposed public offering and the timing and the use of the proceeds from the offering. Forward-looking statements generally include statements that are predictive in nature and depend upon or refer to future events or conditions, and include words such as "may," "will," "should," "would," "expect," "plan," "believe," "intend," "look forward," and other similar expressions among others. These statements relate to future events or to the Company's future financial performance, and involve known and unknown risks, uncertainties and other factors that may cause the Company's actual results to be materially different from any future results, levels of activity, performance or achievements expressed or implied by these forward-looking statements. You should not place undue reliance on forward-looking statements since they involve known and unknown risks, uncertainties and other factors which are, in some cases, beyond the Company's control and which could, and likely will, materially affect actual results, levels of activity, performance or achievements. Any forward-looking statement reflects the Company's current views with respect to future events and is subject to these and other risks, uncertainties and assumptions relating to the Company's operations, results of operations, growth strategy and liquidity. More detailed information about the Company and the risk factors that may affect the realization of forward-looking statements is set forth in the Company's most recent Annual Report on Form 10-K and other filings with the Securities and Exchange Commission. Investors and security holders are urged to read these documents free of charge on the SEC's website at <http://www.sec.gov>. Except as may be required by applicable law, The Company assumes no obligation to publicly update or revise these forward-looking statements for any reason, or to update the reasons actual results could differ materially from those anticipated in these forward-looking statements, whether as a result of new information, future events or otherwise.
